Wholesalers: Most pharmacy products are available from your local drug wholesaler who may sell for more or less than the catalogue/website price. Drop ship prices are shown in the catalogue/website. Product not available from your wholesaler will be shipped from our warehouse facility in Markham, Ontario.

Shipping Terms: Orders will be shipped to all destinations in Canada. We reserve the privilege of shipping via the carrier of your choice.

Prices: Prices are subject to change without notice.

Terms: Net 30 days or as per your wholesaler

Returns: All returns to PharmaSystems must be authorized.

Accessibility: In meeting the needs of our customers and employees we strive at all times to provide our products in a way that respects the dignity of all individuals including persons with disabilities. In order to ensure equal treatment all PharmaSystems' customer service representatives and administrators are trained on policies, practices and procedures with respect to our commitment to people with disabilities.

- Translucent design – easily view contents
- Assorted colours

Imprinted Mini Pill Pods

Item # IMP030

- Assorted colours
- Holds medication, vitamins and supplements
- Translucent design – easily view contents
- Great for use on-the-go – perfect size for pocket or purse

Ear Plugs

- Our unique product mix allows you to offer your customers a large selection of ear plugs for noise protection
- Ideal for working, traveling, studying, sporting and sleeping
- 250 million people worldwide are affected by Tinnitus (known as “ringing” in the ears) caused by exposure to loud noise – promote proper noise protection through use of ear plugs
- Selection of single pair, multi-pair and value packs available to create a unique merchandise assortment
- Products range from Noise Reduction Ratings (NRR) of 27-33 decibels (higher numbers denote greater effectiveness when used as directed)

Soft Foam Bell-Shaped Ear Plugs

- Soft, lightweight polyurethane foam expands to ensure a comfortable fit
- Contoured bell-shaped design mimics ear canal - allows for easy insertion, and will remain in place during use

Tapered Soft Fit Ear Plugs

- Soft foam ear plugs deliver enhanced comfort
- Use for noise protection – ideal for working, traveling, studying, sporting and sleeping
- Tapered design allows easy insertion, and will remain in place during use

Quiet Foam Can-Shaped Soft Foam Ear Plugs

- Use for noise protection – ideal for working, traveling, studying, sporting and sleeping
- Can-shaped design easily compresses for insertion, and expands for a comfortable fit for any ear size

Silicone Ear Plugs

- Soft silicone ear plugs offer a unique solution to preventing water from entering the ear
- Mold and place over ear opening to form an airtight seal
- Ideal for keeping water out of the ear, preventing swimmer’s ear or for users with ear tubes
- Tacky texture allow plugs to remain in position
- Hypoallergenic
- For maximum results, use with Swim Bands

Soft Wax Ear Plugs

- Extra soft and tacky texture creates an ideal disposable solution for sealing ears and protecting against water
- Made of wax and cotton – when raised to body temperature can be easily molded to create a custom fit for any size ear
- Recommended for protection against swimmer’s ear – an infection caused by bacteria settling in the ear canal, occurring when exposed to excess moisture

EarPlanes®

- EarPlanes® CeramiX™ filter naturally regulates air pressure by using the body’s own internal mechanism to allow air entering the ear to naturally adjust to the changing rate of air pressure on the ear drum

Aqua Ears™

- Patented CeramiX™ filter seals out water, while allowing sound in - safe for recreational use

NRR 33

Soft-Foam Ear Plugs 8's

Item # PS835
UPC 063636 008352

- AquaEars™ helps relieve discomfort due to water pressure
- Recommended for ears sensitive to water
- Ideal for swimming and bathing
- Size recommended for ages 3-11, or for users with smaller ear canals

Lice Care

- Head lice infestations are a common occurrence, particularly in primary schools
- Young kids are especially prone to spreading head-lice as they play in close proximity to one another
- Parents are encouraged to keep lice combs at home to regularly inspect their child's hair for lice and nits

PharmaSystems Lice Combs:

- Works on all hair types and styles to completely remove lice and their eggs
- Narrow teeth to ensure that the lice and eggs do not slip through, and with round edges for gentle combing throughout the hair
- Short-pin combs are for lice and egg removal – the short pin allows easy access to the root of the scalp, where the lice and eggs are located
- Long-pin combs are for nit removal – the longer teeth allow more hairs to be combed through at once, removing many nits at a time
- Each comb is designed to provide the proper grip and motion that aids in the elimination of lice infestation
- Can be easily cleaned between daily inspections, in hot, soapy water

Dual Lice Comb System

Item # PS570

UPC 063636 005702

- 2 lice combs, suitable for all hair types and styles
- Two different teeth lengths
- Combs are made out of 100% stainless steel teeth
- Contour handle designed for easy combing

Dual-Sided Lice Comb

- Suitable for all hair types and styles

Magnetic & Copper Jewelry

- The magnetic & copper properties found in the V. jewelry line are based on a 4000 year old natural home remedy to help relieve pain from **arthritis**, **rheumatism** and general **aches and pains**
- Relieving or reducing many of the ailments associated with the aging process, magnetic therapy products are most popular in the 40+ age range, or for those who suffer from **arthritis**, **back pain** or **sleeping disorders**
- The benefits of magnets can be appreciated when used consistently, which is why magnetic bracelets are an ideal solution – designed for everyday wear
- With a variety of unisex styles to choose from, the V. collection provides fashionable solutions for everyday wear, as well as dressy occasions
- The exceptional jewelry construction and classic style offer a high-quality product that can be sold at a reasonable price point

- 2 neodymium magnets each with a strength of 2000 gauss
- Bangle style
- Made of copper
- Designed for long-term wear

Magnetic Two-Tone Link Bracelet

MEDIUM - Item # PS315M
UPC 063636 031510

LARGE - Item # PS315L
UPC 063636 031527

- Two-tone gold and silver link design
- Neodymium magnets, each with a strength of 2000 gauss - S/M has 10 magnets, L/XL has 12 magnets

Magnetic Heart Link Bracelet

Item # PS320M
UPC 063636 032012

- 11 neodymium magnets each with a strength of 1500 gauss
- Made of stainless steel
- Includes dainty heart detail near clasp
- One size fits most
- Designed for long-term wear

- Magnetic Products are not considered to be proven forms of treatment. Not intended for children.

Magnetic Link Bracelet

**MEDIUM - Item # PS325M
UPC 063636 032517**

**LARGE - Item # PS325L
UPC 063636 032524**

- High quality stainless steel silver link design
- Neodymium magnets, each with a strength of 2000 gauss - S/M has 10 magnets, L/XL has 12 magnets

Two-Tone Wire Magnetic Bracelet

**MEDIUM - Item # PS330M
UPC 063636 033019**

**LARGE - Item # PS330L
UPC 063636 033026**

- High quality stainless steel gold and silver design
- 2 neodymium magnets each with a strength of 1500 gauss

Wire Magnetic Bracelet

**Item # PS335L
UPC 063636 033521**

- High quality stainless steel design
- 2 neodymium magnets each with a strength of 1500 gauss

Digital Thermometers

- Home health care essentials – especially popular during cold and flu season
- Digital thermometers eliminate the possibility of broken glass or mercury poisoning
- Large and easy to read liquid crystal display
- On/Off button features auto shut-off
- Alarm sounds to notify whether temperature is within normal range or if a high temperature is reached
- Previous temperature memory feature
- Packaged with probe protection case

Flex Tip Digital Thermometer °C/°F

Item # PS770
 UPC 063636 007706

- Assorted animal shaped thermometers
- Fast and accurate – 10 second read time
- Flexible tip for convenience and safety
- Packaged with probe protection case
- For oral or axillary use
- Flex tip

Flex Tip Digital Thermometer °C/°F

Item # PS720
 UPC 063636 007201

- Most popular thermometer
- Fast and accurate – 10 second read time
- Flexible tip for convenience and safety
- For oral or axillary use

Mercury Free Thermometer °C/°F

Item # PS750
 UPC 063636 007508

- Mercury-free
- Glass thermometer with non-toxic Galinstan® substitute for mercury
- Doctor preferred and hospital tested
- Accurate and easy to read dual scale (°F and °C)
- Packaged with probe protection case
- For oral or axillary use

Digital Thermometer °C/°F

Item # PS730
 UPC 063636 007300

- Fast and accurate – 10 second read time
- Packaged with probe protection case
- For oral or axillary use

Digital Basal Thermometer

Item # PS780
 UPC 063636 007805

- Ideal for recording basal temperature
- Helps identify ovulation timing for family planning
- Provides temperature reading 1/100th of a degree
- Large, easy to read liquid crystal display
- Previous temperature memory feature

Gutter Finger Splints

Item # PS210M
UPC 063636 021023

- 1-sided splint providing maximum flexibility
- Flexible, aluminum padded finger splint

Cot Finger Splints

SMALL - Item # PS212S
UPC 063636 021214
MEDIUM- Item # PS212M
UPC 063636 021221

- Splint envelopes finger to provide maximum stabilization with minimal flexibility
- Flexible, aluminum padded finger splint

Baseball Finger Splints

MEDIUM- Item # PS211M
UPC 063636 021122

- Splint folds over to provide a custom fit
- Flexible, aluminum padded finger splint

Four Prong Finger Splints, Medium

Item # PS213M
UPC 063636 021320

- Most popular size
- 4 sided splint with adjustable strap to create a custom fit
- Provides maximum protection
- Flexible, padded, constructed of aluminum
- Use for finger and thumb immobilization
- Metal splint and fastener assures that the finger will not move once secured, and the foam lining provides comfort

Gutter Finger Splint

Baseball Finger Splint

Cot Finger Splint

Four Prong Finger Splint

Maximum Mobility

Maximum Protection

Latex Finger Cots 24's

Item # PS214
UPC 063636 002145

- Recommended to protect bandages from dirt and water
- Ideal for burns, blisters, abrasions and cuts
- Use to apply medications to open wounds
- Pre-rolled and easy to apply
- 24 cots, assorted sizes
- Package measures: 5.2" H x 2.3" W x 0.75" D

Surgical Masks

10 Pack: Item # PS345
UPC 063636 003456

50 Pack: Item # B344
UPC 063636 034405

- Best-selling mask package
- Ideal for protection from non-toxic dust and contaminants
- Pleated design for maximum comfort
- Elastic ear loops secure mask in place
- Disposable
- Masks are blue

N95 Particulate Respirator Masks

- NIOSH approved and meets 42 CFR 84 requirements for protection against solid or liquid particles (excluding those containing oil)
- The contoured aluminum nosepiece can be shaped for personal adjustment to provide a close fit and the low profile design lets user see without any obstructions and can be worn with glasses
